B. Suggestion

Suggestions that the author can convey to related parties are as follows:

1. The madrasah should continue to strive to improve the quality of education so that it can produce human resources who excel and are virtuous.
2. Teaching staff are expected to improve their teaching skills so that teaching and learning activities can be more effective and dynamic.
3. For students to be more enthusiastic, continue to improve the achievement of their learning outcomes in English language learning.
4. For the next researcher, this research still needs improvement, development, and continuation, because this research only explains how to improve student motivation and learning outcomes by applying English Islamic Songs, even though improving these two aspects can be done with many methods.

C. Concluding
