PREFACE

Praise the researcher's gratitude to Allah SWT who has bestowed His grace, taufiq and inayah, so that the researcher was able to complete the final project as a requirement for this graduation well. Sholawat remains devoted to our prophet Rasulullah Muhammad SAW who has brought his people from the age of jahiliyah to the age of civilization full of divine light. It does not feel like it's been three years since the researcher studies at IAIN Kudus. The researcher has also completed all courses well. Then the time came for the researcher to do the final project, namely the thesis. Thank you to all those who have supported and motivated the researcher so that I can complete the thesis well. Thank for all of that, thank God, the reseacher can complete the thesis with the title "An Analysis of Peace Value Represented in Efl Textbook "Think Globally Act Locally" Grade IX". This is a study that analyzes the presence of peace value in the EFL textbook and how the book promotes the value of peace to students.

Lately, cases of violence and anti-peace involving children in Indonesia often appear on several news platforms. The response of Indonesian citizens also varies, ranging from blaming the perpetrators, parents whinhave failed to educate and enviromental factors, to asking the government to revise the law regarding the legal protection of children who become perpetrators. Therefore, the researcher chose this topic in the hope of applying peaceful behavior and parenting anti-violence in children daily live through the representation of peace values in EFL textbook.
