

CHAPTER V

CONCLUSION AND RECOMMENDATION

A. Conclusion

Based on the problem research, research findings, and discussion that have been explained above, it can be concluded that:

1. The Student's Perspectives on Using “Kampung Inggris LC – Language Center” YouTube Channel as English Learning Media to Improve Speaking Skills

The result of this research shows that students have a good impression of the "Kampung Inggris LC - Language Center" YouTube channel as a medium to improve speaking skills. This means students have positive responses toward the "Kampung Inggris LC - Language Center" YouTube channel. Based on the result of the interview with all participants, they said that the "Kampung Inggris LC - Language Center" YouTube channel can serve as an interesting and effective English learning media. In addition, the "Kampung Inggris LC - Language Center" YouTube channel as a learning media to improve speaking skills can improve their vocabulary, from the YouTube channel, they get a lot of new vocabulary. In addition, the use of the "Kampung Inggris LC - Language Center" YouTube channel can also improve their pronunciation, so they can speak English. On the other hand, they can also understand grammar well after using the "Kampung Inggris LC - Language Center" YouTube channel", so they can make correct sentences in English. Then, participants can also improve their English fluency, so that participants can speak English well and fluently.

2. The Opportunities of Using the “Kampung Inggris LC – Language Center” YouTube Channel as English Learning Media to Improve Speaking Skills

The results of this study show several opportunities that participants get after using the "Kampung Inggris LC - Language Center" YouTube channel. Participants said the opportunity they got after using the "Kampung Inggris LC - Language Center" YouTube channel was to increase their vocabulary. In addition, they can understand grammar

properly and correctly. Another opportunity they get is to improve their English pronunciation. Then, from the "Kampung Inggris LC - Language Center" YouTube channel they get the opportunity to be fluent in speaking English.

On the other hand, apart from the speaking aspect, they also get other skill opportunities after using the "Kampung Inggris LC - Language Center" YouTube channel, which can improve their writing skills and reading skills. In addition to knowing new vocabulary, and pronunciation, they can also understand how to write and how to read words in English properly and correctly.

3. The Challenges of Using “Kampung Inggris LC – Language Center” Youtube Channel as English Learning Media to Improve Speaking Skills

The results of this study show that there are several difficulties that participants experience while using the "Kampung Inggris LC - Language Center" YouTube channel. The first difficulty that participants experience is that there is no Guide/Mentor in speaking in English. According to them, the existence of a guide/mentor can correct if there are mistakes when speaking English. The second difficulty is an inadequate internet connection. Participants sometimes experience bad signals that make obstacles in accessing the YouTube channel, which to be able to access the YouTube channel requires an adequate internet connection. The last difficulty is a lack of time because the busyness of going to school and continuing with extracurricular activities at school makes a lack of time to study at home.

B. Implication

This research has implications for the world of education, especially in learning speaking skills. According to the research findings, the use of the "Kampung Inggris LC - Language Center" YouTube channel as a medium to improve speaking skills can be used as an option when choosing the right media. This is because the use of "The Kampung Inggris LC - Language Center" YouTube channel as a medium to improve speaking skills can help students develop the components needed when wanting to speak English, because "Kampung

Inggris LC - Language Center" Youtube Channel becomes an interesting and effective media to support students in improving speaking skills. In conclusion, it is hoped that students can sharpen their speaking skills and become the next generation of Indonesia. Therefore, students must be smart in choosing the right and effective learning media.

C. Recommendations

Based on the research that has been done, some recommendations put forward by the writer include:

1. For Students

The writer recommends that students utilize technology in the current times. Students are also expected to use modern media to help support the learning process and as a tool to assist in the learning process. In conclusion, students will excel academically and continue to follow the development of modern media in this and future times.

2. For other researchers

Other researchers can use this research as a reference when researching the same topic as this research. Furthermore, it is recommended to optimize and enrich the results of this study to obtain more complex data. Future researchers should further develop the scope of the research, considering that the research carried out has not been able to fully describe the perspectives of students. In the data collection process, they should use technique that are expected to be more optimal in obtaining the necessary data.
