Kata Kunci: *Brand Love, Product Quality, Customer Relationship Management, Customer Loyalty*

Abstract

Oriflame is an MLM business that is now in great demand by many people, so the company has the opportunity to get loyal customers because of the many positive images that have been created for consumers. The purpose of this study was to determine the effect of brand love, product quality, and customer relationship management on customer loyalty to Oriflame products in Jepara Regency. This research is a type of quantitative research with a field research approach. The population used is all users of Oriflame products in Jepara Regency with 68 respondents as samples obtained through purposive sampling method. The analytical tool used is multiple regression analysis with the help of the IBM SPSS Statistic 26 data processing program.

The results of this study are 1) Brand love has a significant effect on customer loyalty to Oriflame products in Jepara Regency. 2) The product quality variable has a significant effect on customer loyalty to Oriflame products in Jepara Regency. 3) The customer relationship management variable has a significant effect on customer loyalty to Oriflame products in Jepara Regency. Based on the results of the F test that $F_{count} > F_{table}$ ($55,057 > 2.17$) means that the variables of brand love, product quality and customer relationship management are variables that have a significant effect on customer loyalty to Oriflame products in Jepara Regency.
